

**Please mark your calendars!**

**Join us on Monday, April 16, 2018 from 7-8:30 pm  
At the Milltown Municipal Building, Courtroom  
39 Washington Avenue, Milltown, NJ 08850**

## **Protecting Your Family from Alcohol and Opiate Addiction**

This highly acclaimed, engaging session offers the most up-to-date information available today on behavioral trends, focusing on the three primary issues facing parents, and professionals today; Alcohol, Opiates and Marijuana Extractions. Learn current information on these three high-risk behaviors, how this is initiated, used and how they are drastically changing the risk potential for every individual, family and community. See how these products are being modified, intensified and used. Hear how alcohol, opiates and marijuana are being bought over the internet and some of the "tutorials" available on use. Learn how alcohol is being "smoked" and marijuana is being used in schools without detection. Discover the risks, the sources of information and what every parent, professional, school and community is up against. Methods for dealing with these challenges will be explored.

This workshop is one of the most enlightening, "edutaining" and informative programs you will ever see. Get answers to the questions you have always wanted to ask.

**Hosted by the: Milltown Municipal Alliance & Milltown Board of Health  
Presented by John K. Kriger of Kriger Consulting, Inc.  
Light Refreshments will be provided**

**Funding for this program was made possible by a grant from:**

This program is not intended for individuals under 18 years of age.
