

July 17, 2018

To all Milltown Taxpayers:

This notice is to inform you of a delay in the mailing property tax bills for the 3rd and 4th quarter payments of 2018 and the 1st and 2nd quarter payments of 2019.

The State of New Jersey budget delay slowed the certification by the counties because the Department of Community Affairs must determine the amount of state aid to be sent to each municipality and school district.

The Department of Community Affairs is waiting on the State Department of Education to determine the final adjusted school levy.

Every municipality in the State is delayed because of this issue.

Once the certified rates are received, the billing process will start. The 3rd quarter is still technically due August 1, 2018; however, the grace period will be extended from the date the bills are mailed by the tax office. Please note that the mailing date is the key date, not the date that you might receive your bill.

If you have any questions please call the Tax Collectors office at (732) 828-2100 X190.
